

VISION

Rural agripreneur network
committed toward prosperity-
building

MISSION

- Promote the **Gospel**
- Propagate **prosperity** thinking
- Propel **agro-economic** growth
- Push for **eco-friendly** farming

WHO WE ARE

Leaders. Servants. Farmers

We take the lead in creating networks among farming communities to create a stronger force that can break into larger markets. Since 2015, we persistently serve in the grassroots by bringing home various resources from our public and private partners. From engineers to decade-long laborers, our team works for the common purpose of generating rural, inclusive prosperity through agripreneurship.
